POCL Achieves Highest-Ever Quarterly Revenue and EBIT-DA in Q2 FY26

Pondy Oxides and Chemicals Limited is a leading global recycling company with 30 years of experience, operating in four recycling verticals: lead, plastics, copper, and aluminium. The company adopts responsible and sustainable manufacturing practices to process scraps into high-quality metal and non-metal by-products.

- Standalone Net Revenue for Q2FY26 grew 11% year-on-year to Rs. 6,345 Million.
- EBITDA for the quarter rose by 84% year-on-year to Rs. 551 Million, with a margin of 8.7%.
- Profit After Tax (PAT) increased by 105% year-on-year to Rs. 356 Million in Q2FY26.
- Lead production for H1FY26 reached 47,408 MT, up from 45,959 MT in the previous year.

Outlook

POCL is focused on its Target 2030 vision, targeting over 15% volume growth and sustaining a revenue CAGR above 20%. Strategic initiatives include exploring Lithium Ion recycling, E-waste, and increasing copper capacity, while commissioning Phase 2 of Lead capacity expansion in the second half of FY26.

How This Report Was Produced

1. Parse

The document is read page by page and its table rows are reconstructed from the page layout.
2. Extract

Gemini returns schema-constrained JSON, quoting the page and passage behind every fact.
3. Reconcile

Each quote is matched back to the page, and each figure back to the document text.
4. Render

Only values that survive that check are typeset. Everything else prints as “Not disclosed”.

Scope & Limitations

Ratings and target prices	Not produced. This system does not issue investment recommendations.
Market data	Not fetched. Prices, market capitalisation and valuation multiples appear only if the uploaded document states them.
Estimates and forecasts	Not produced. Forward-looking lines are reproduced only where the company itself published them.
Derived growth rates	Printed only when the document states them and they reconcile with the reported figures.
Missing data	Rendered as “Not disclosed”. No value is inferred, interpolated or carried over from another period.
